UTHS Guide: How to Process Independent Study Program Course Extensions

Before proceeding, make sure that you have the necessary access to **MySchoolBucks**, the **Certification/ Enrollment Tool** in Canvas, and the current year's **Extension Tracking Sheet**.

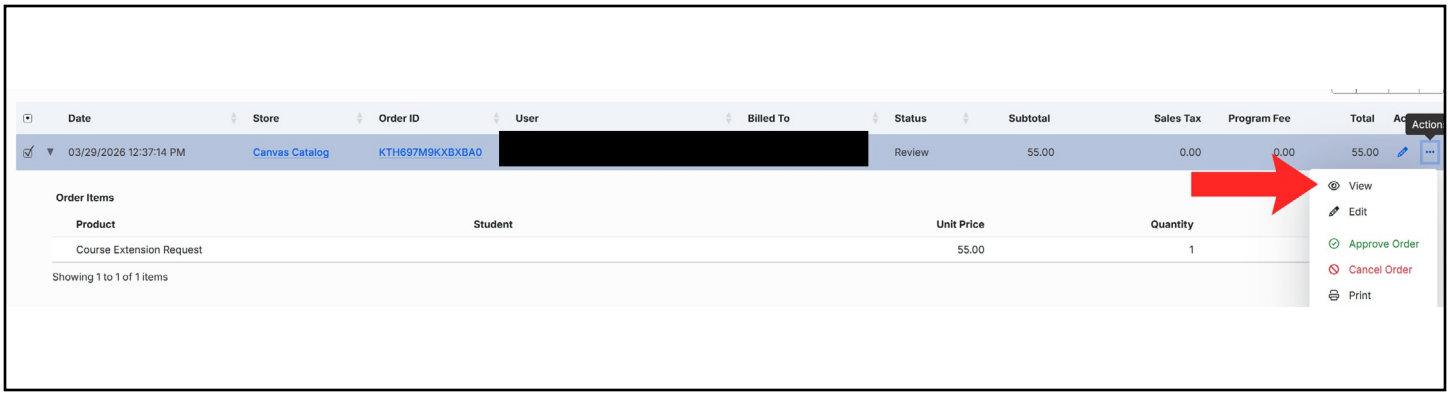

Step 1: Navigate and log in to the MySchoolBucks admin page, then select the **Stores** drop down menu and click **Orders**.

Step 2: Filter **Orders** by choosing **Canvas Catalog** under *Store* and **Review** under *Status*, then select **Apply Filters**. Unprocessed extensions will appear under these filters.

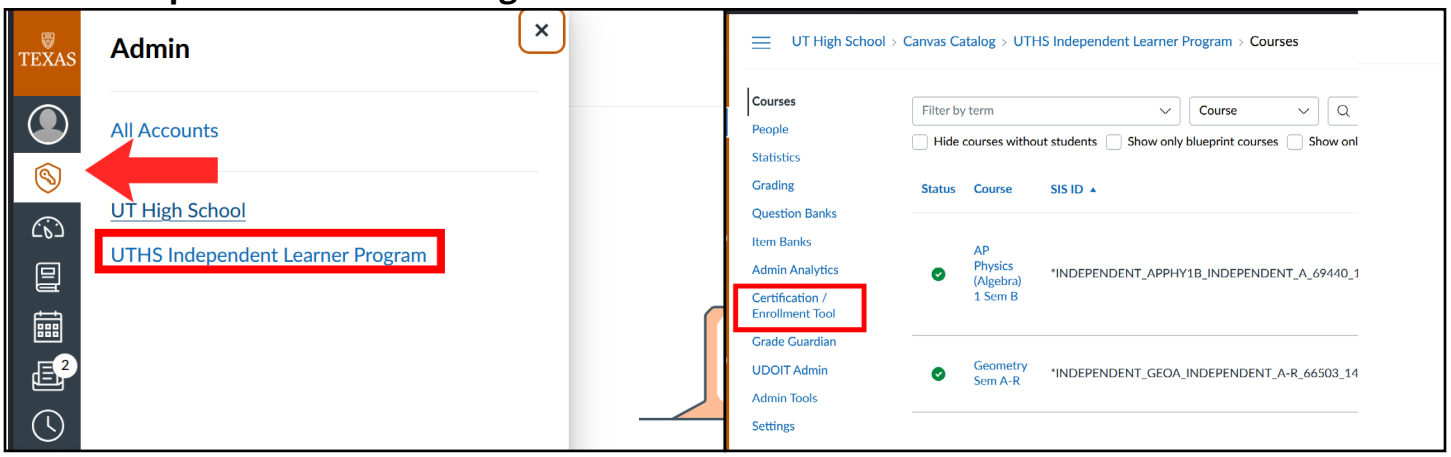

Step 3: Select the **Actions** menu on a extension and click **View** to see the extension details,

Step 4: In a new tab, navigate to Canvas and log in. In Canvas, select **Admin**, then **UTHS Independent Learner Program** and click on the **Certification/Enrollment Tool**.

Step 5: Use the extension detail information in MySchoolBucks to locate the student using the Certification/Enrollment tool. **Tip:** Search a student's name with their last name first. You can also search for a student using their email address.

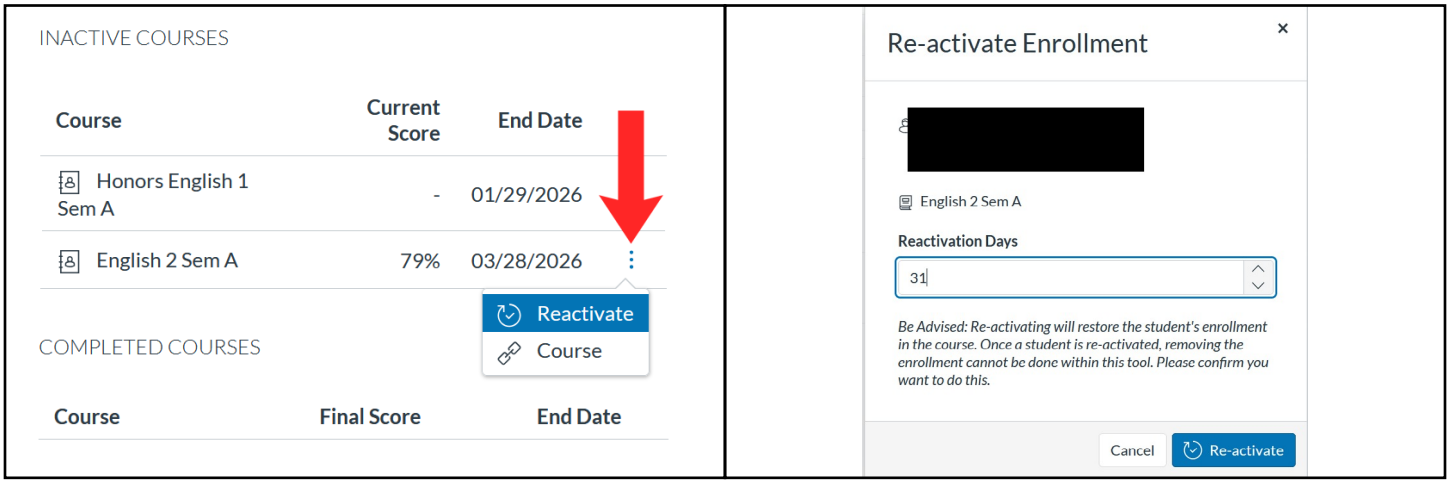

Step 6: Click on the student's name, and go to the **Courses** tab. Use the tracking sheet to confirm that the course is eligible for an extension. Students can only request one extension per course. If the student is not eligible, proceed to **Step 8a**. **Tip**: The Tool always shows the original course expiration date. If the course has been expired less than 30 days, it is eligible.

Step 7: Click on the action menu next to the course and select **Reactivate**. For Reactivation Days, input **31** and click **Re-activate**.

Step 7: Navigate to the Extension Tracking Sheet and input **Student Last Name, Student First Name, Course Title, Extension Date** and **your initials** in the corresponding fields.

Step 8: Notify the student and parent/guardian through Edservices that the extension has been processed using the below language.

The subject of the email should be "Your UTHS Extension Has Been Processed".

Hello,

This email is to inform you that your UTHS extension has been processed and your course is now active again in Canvas.

Your course(s) expires on [New Expiration Date]

This is your only extension. If the course expires again, you will not be issued a grade for the course.

Please let us know if you need help accessing your course.

Step 8a: If the student has already requested an extension, notify the student and parent/guardian using the below language.

The subject of the email should be “Extension Cancelled: Course Already Extended”.

Hello,

We are unable to process your extension request due to the course already having been extended on [DATE]. You are limited to one extension per course. You will not be charged for the extension.

To earn credit, you have the option of taking a credit by exam (CBE) or retaking the course from the very beginning and purchasing it again. If you are interested in retaking the course, you can complete this request form. https://utexas.qualtrics.com/jfe/form/SV_bpGUhCi92g7JFjg

Best,

UT High School
